LEAP YEAR! LEAP YEAR!

Any innovation on old customs, it is supposed, requires an apology; therefore we apologize for extending the ladies, that leap year was intended for their benefit, is give them an opportunity to renew the spirits of those young men who are unfortunately not so fortunate for their own interest, or in other words looking in check. We propose to change this old custom, to give the ladies a chance to assert their personality, by calling on the gentlemen on the first day of January. We propose to receive on that day at the residence of Mr. John Street all bachelors who think enough of us to grace our reception. Who will be the next to "dare to do right?"

SOMETHING FOR THE NEW YEAR

The world renowned success of Hostetter's

Elixirs, and their continued popularity for a

quarter of a century as a stomachic, is

scarcely more wonderful than the welcome

that greets the annual appearance of Hos-

tetter's Almanac. This valuable medical

treatise is published by Hostetter & Smith,

Pittsburgh, Pa., under their own immediate

supervision, employing 80 hands in that

department. Ten cylinder printing presses,

8 folding machines, 5 job presses, &c., are

running about eleven months in the year on

this work, and the issue of 1880 will be

not be less than ten millions, printed in

the English, German, French, Welsh,

Norwegian, Swedish, Holland, Bohemian,

and Spanish languages. Refer to a copy of

it for the efficacy of Hostetter's Bitter,

varied information, astronomical, meteorological

and chronological items, &c., which can be depended on for correctness.

The Almanac for 1880 can be ob-

tained free of cost, from drugstores and ge-

neral country dealers in all parts of the

country.
